ANJALI LINGAMPALLI

CAREER OBJECTIVE

Highly motivated BCA graduate with a strong interest in software development and web technologies. Completed a one-year apprenticeship at NMDC, gaining valuable professional experience in documentation, coordination, and organizational processes, along with hands-on exposure to data analysis and reporting tools.

WORK EXPERIENCE

NMDC – Technical Apprentice, Hyderabad, India *(26/02/2025 – 27/02/2026)*

- Assisted in daily operations by carrying out routine documentation and record-keeping tasks efficiently.
- Supported accurate maintenance and verification of records, helping ensure data quality and consistency.
- Learned and adhered to safety protocols and industry standards throughout the apprenticeship.
- Supported team members in maintaining equipment and workspace organization.
- Worked under the guidance of experienced professionals to learn best practices in workplace procedures.
- Built strong working relationships with team members and supervisors, fostering a positive work environment.
- Collaborated with colleagues to ensure smooth workflow and clear communication across the team.

ACADEMIC PROJECT

Student Performance Analyzer

- Developed an interactive dashboard in Power BI to analyze student academic performance across subjects and terms.
- Designed visualizations and reports to highlight trends, strengths, and areas needing improvement.
- Identified performance patterns and insights to support data-driven academic decision-making.
- Streamlined the reporting process, reducing manual analysis effort and improving turnaround time.
